

Welcome to the HUSKY Health program!

You are now covered under the HUSKY Health program's Limited Benefit – Family Planning coverage group, which only covers family planning and family planning-related services. Family planning services are services offered to prevent pregnancy or to plan the number and spacing of your children. "Related services" means services offered as part of, or as follow-up to, a family planning visit.

Family planning and family planning-related services include:

- Comprehensive physical exams and medical services provided by:
  - Connecticut Medical Assistance Program (CMAP) physicians, Advanced Practice Registered Nurses (APRNs), Certified Nurse Midwives (CNMs), and Physician Assistants (PAs)
  - Medical and rehab clinics
  - Independent labs
  - Independent radiology facilities
  - Local health departments
- Screening and treatment services for sexually transmitted diseases (STDs)/infections
- Sterilizations
- Contraceptive services and supplies (for example: IUD, diaphragm, condoms)
- Prescribed drugs (birth control, drugs for treatment of STDs, and certain pain medicines)
- Human papillomavirus (HPV) shots
- Treatment of a medical problem from a family-planning service
- Pregnancy tests
- Non-emergency medical transportation to your doctor visits

This program **does not** cover:

- Infertility services and related treatments
- Hysterectomies
- Termination of pregnancy
- Pregnancy care
- Treatment for HIV/AIDS or hepatitis
- Treatment for cancer
- Any other service not offered as part of or as follow-up to a family planning visit

This program **ONLY** covers services related to Family Planning.  
It does not cover any other services related to treatment/conditions not related to Family Planning.
