Urgent Care Clinics and Walk-In Medical Centers

Always contact your Primary Care Provider (PCP) first.

Your PCP is your main source of healthcare and can help coordinate care with other providers. If your PCP is not available, urgent care clinics and walk-in medical centers can provide care for non-life-threatening medical problems or problems that can't wait.

Reasons to visit urgent care clinics and walk-in medical centers:

- Common illnesses, such as colds, coughs, flu symptoms, ear infections, sore throats, migraines, fever, and skin infections.
- Minor injuries, such as a twisted or sprained ankle, back pain, minor cuts and burns, minor broken bones, and minor eye injuries.

Urgent care clinics and walk-in medical centers usually accept walk-ins. Many are open seven days a week. Some are even open late during the week and on holidays.

**If your provider is not available,
call the 24-hour Nurse Helpline
at 1.800.859.9889.**

Our registered nurses are available 24 hours a day, seven days a week when you can't reach your provider *or your provider's answering service*. Your provider knows you best and is your best source of help, but our nurses are available to help you when your provider is not.

Clínicas de atención de urgencias y clínicas ambulatorias

**Siempre comuníquese con su Proveedor de Cuidado
Primario (PCP) primero.**

Su PCP es su fuente principal de atención médica y puede ayudar a coordinar atención médica con otros proveedores. Si su PCP no está disponible, clínicas de atención de urgencias y clínicas ambulatorias pueden proporcionar atención médica para problemas no urgentes o problemas que pueden esperar.

Motivos para visitar clínicas de atención de urgencias y clínicas ambulatorias:

- Enfermedades comunes, tales como resfriados, tos, síntomas de gripe, infecciones de oído, dolor de garganta, migrañas, fiebre, e infecciones de la piel.
- Lesiones menores, tales como los tobillos torcidos, dolor de espalda, pequeños cortes o quemaduras, menor rotura de huesos, y problemas oculares menores.

Las Clínicas ambulatorias y Clínicas de atención de urgencias normalmente aceptan a pacientes sin turno previo. La mayoría de ellas están abiertas 7 días a la semana. Algunas hasta permanecen abiertas hasta tarde entre semana y en días festivos.

**Si su proveedor no está
disponible, llame las 24 horas
a La Línea de Ayuda de la
Enfermera al 1.800.859.9889.**

Nuestras enfermeras registradas están disponibles las 24 horas del día, siete días a la semana cuando no puede comunicarse con su proveedor o servicio de contestador de su proveedor. Su proveedor lo conoce mejor y es su mejor fuente de ayuda, pero nuestras enfermeras están disponibles para ayudarle cuando su proveedor no lo esta.
