RE: Temporary Delay for Pricing of Complex Rehabilitative Technology Equipment - MEDS

The purpose of this policy transmittal is to notify Medical Equipment, Devices and Supplies (MEDS) providers of a temporary delay in one of the new policies described in Provider Bulletin 2015-10, "Updated MEDS Fee Schedule Changes". Implementation of the Pricing Policy Guidelines for Manually Priced Codes is being delayed for complex rehabilitative technology (CRT) codes only. The delay is retroactive to March 1, 2015.

The list of manually priced codes, which can be found at www.huskyhealth.com, has been revised (select "Provider", then select "Policies, Procedure and Guidelines" and then select "DSS Pricing Policy for MEDS items"). Pricing policy based on actual acquisition cost is being delayed for all codes on the list that are highlighted in yellow. In addition, the Department has adjusted the allowable mark up for a few codes.

Distribution: This policy transmittal is being distributed to holders of the Connecticut Medical Assistance Program Provider Manual by HP Enterprise Services.
