Talk with Your Doctor	My Medication Card		
	Name of Medication	How Much I Take/Daily	When I Take It
Asking questions can help you be an active member of your healthcare team.			
At your next doctor visit, remember to ask:			
What is my most important medical concern?			
2 What do I need to do first?			
3 How will this help improve my health?			
4 When do I follow up with your office?			
This postcard is a service of the HUSKY Health Program.
