

PROVIDER POLICIES & PROCEDURES

PRICING POLICY

MANUALLY PRICED CODES OF DURABLE MEDICAL EQUIPMENT (DME), MEDICAL SURGICAL SUPPLIES, ORTHOTICS AND PROSTHETICS, PARENTERAL AND ENTERAL SUPPLIES

The Department of Social Services (DSS) or (The Department) has established pricing methodology for the payment of manually priced DME, medical supplies, orthotics and prosthetics and parenteral and enteral supplies for HUSKY Health Program members.

POLICY

Fees for Medical Equipment, Device and Supplies (MEDS) are item specific. When the DSS rate of payment for the purchase and rental of certain items has not been established, the Department pays for the item based on individual consideration, subject to all other conditions of payment. Such items are identified on the MEDS fee schedules with a fee of "Zero". These items are manually priced and require prior authorization.

1. The item must be provided prior to billing.
2. The price for any item listed on the fee schedule published by the Department shall include:
 - Fees for initial fittings and adjustments and related transportation costs;
 - Delivery costs, fully prepaid by the provider, including any and all manufacturers' delivery charges with no additional charges to be made for packing or shipping;
 - Travel to the member's home, postage and handling, and set up or installation charges;
 - Technical training to the member, his or her family, and/or relevant caregivers regarding the equipment features and proper care of the equipment; and
 - Information furnished by the provider to the member over the telephone.
3. Providers shall bill and the Department shall pay at the lowest of:
 - The provider's usual and customary charge to the general public;
 - The lowest Medicare rate;
 - The amount in the applicable fee schedule as published by the Department;
 - The lowest price charged or accepted for the same or substantially similar goods or services by the provider from any person or entity; or
 - The amount prior authorized in writing by the Department. Payment to a provider shall be the lowest of:
 - a. Manufacturer's suggested retail price (MSRP) – 15% ; or
 - b. Actual acquisition cost (AAC) of the item plus a percentage mark-up which will vary by procedure code. For a list of codes and varying percentages, please go to: <https://portal.ct.gov/husky> select *Information for Providers* and then select *Policies, Procedures and Guidelines* from the *Medical Management* sub-menu.

Please note that authorization is based on medical necessity at the time the authorization is issued and is not a guarantee of payment. Payment is based on the individual having active coverage, benefits and policies in effect at the time of service.

To determine if a service or procedure requires prior authorization, CMAP Providers may refer to the *Benefit and Authorization Grids* summaries on www.ct.gov/husky by clicking on "For Providers" followed by "Benefit Grids". For a definitive list of benefits and service limitations, CMAP Providers may access the CMAP provider fee schedules and regulations at www.ctdssmap.com.

When supplying the actual acquisition cost:

- Providers must supply the actual, unaltered invoice or price quotation with the PA request.
- The invoice or quotation must include the HCPCS code(s) being requested.
- The invoice or quotation must be on the manufacturer's letterhead or form and be addressed to the provider and contain the member's name (member's name is not required if the invoice is for items purchased in bulk)
- The invoice or quotation must not be older than 1 year from the date of delivery.
- The provider must disclose all discounts, including any secondary and tertiary discounts, and must reflect such discounts in the documentation submitted with the PA request.

When the manufacturer is not the provider:

The AAC must be evidenced by the purchase price of the equipment or goods listed on a copy of the supplier's invoice. The invoice must include the following:

- A detailed product description;
- Model number;
- Description;
- Published MSRP;
- Quantity;
- Description of customization; and
- AAC.

When the manufacturer is the provider:

The AAC must not exceed the actual cost of manufacturing the items. The manufacturer must submit invoices that demonstrate the actual cost of manufacturing the item to include:

- Cost of raw materials;
- Number of hours of hands-on labor (labor will be reimbursed at the usual fee of \$19.91 per quarter hour); and
- Documentation showing a step-by-step breakdown of the process used to fabricate an item and the number of hours of labor for each step.

PROCEDURE

Prior authorization is required.

Information Required:

- Provider must submit both the MSRP and AAC.
- Prior Authorizations will be denied if no AAC or MSRP is provided to back up the charges.

EFFECTIVE DATE

This Policy is effective for HUSKY Health Program members beginning March 1, 2015.

Please note that authorization is based on medical necessity at the time the authorization is issued and is not a guarantee of payment. Payment is based on the individual having active coverage, benefits and policies in effect at the time of service.

To determine if a service or procedure requires prior authorization, CMAP Providers may refer to the *Benefit and Authorization Grids* summaries on www.ct.gov/husky by clicking on "For Providers" followed by "Benefit Grids". For a definitive list of benefits and service limitations, CMAP Providers may access the CMAP provider fee schedules and regulations at www.ctdssmap.com.

DEFINITIONS

1. **Actual Acquisition Cost (AAC):** Where the manufacturer is not the provider, AAC is the price paid by the provider to the manufacturer or any other supplier for orthotic or prosthetic devices, equipment, or supplies. Where the manufacturer is the provider, the actual acquisition cost is the actual cost of manufacturing such orthotic or prosthetic devices, equipment or supplies.
2. **Manufacturer's Suggested Retail Price (MSRP):** Manufacturer's suggested retail price or list price is the selling price that the manufacturer recommends that the seller or retailer receive for goods or services.
3. **Prior Authorization:** A process for approving covered services prior to the delivery of the service or initiation of the plan of care based on a determination by CHNCT as to whether the requested service is medically necessary.

PUBLICATION HISTORY

Date	Action Taken
March 1, 2015	Original publication (v1)
February 5, 2016	Updated fee for HCPCS code L1499 to "zero". L1499 will be reimbursed at AAC + 50%. Change Made at request of DSS.
February 28, 2017	Added the following codes/reimbursement rates to the DSS Pricing Spread Sheet at request of DSS: <ul style="list-style-type: none"> • L2861 – AAC + 40% • E0445 – AAC + 35% • A7048 – AAC + 25%
February 27, 2018	Added the following code/reimbursement rate to the DSS Pricing Spread Sheet at request of DSS: <ul style="list-style-type: none"> • E1639 – AAC + 35% or list – 15% Reimbursement rates established for code K0108 - wheelchair component or accessory, NOS.
September 4, 2018	Removed the following miscellaneous wheelchair components /reimbursement rates, billed under K0108, from the DSS Pricing Spread Sheet at request of DSS: <ul style="list-style-type: none"> • Full padded tray • Phenolic or polycarbonate tray • Half tray • Tray pad
February 5, 2019	At the request of DSS, the following updates were made: <p>Removed the following codes from the DSS Pricing Spread Sheet as no longer require manual pricing:</p> <ul style="list-style-type: none"> • L5859 • L6715 • L6880 <p>DSS Pricing Spread Sheet header updated to state</p>

Please note that authorization is based on medical necessity at the time the authorization is issued and is not a guarantee of payment. Payment is based on the individual having active coverage, benefits and policies in effect at the time of service.

To determine if a service or procedure requires prior authorization, CMAP Providers may refer to the *Benefit and Authorization Grids* summaries on www.ct.gov/husky by clicking on "For Providers" followed by "Benefit Grids". * Modifier UC (Upon Strict Review of the Department), is limited to the use of medically necessary pediatric wheelchair trays that require special consideration such as full padded trays with hardware; or phenolic/polycarbonate trays with hardware or ribs; half trays which are clear, or padded which contain flip up hardware. These pediatric wheelchair trays require prior authorization and are limited to HUSKY members under age 21 and are priced at \$163.54 when the UC modifier is used in conjunction with the wheelchair accessory tray procedure code E0950. Please note: Any claim using the "UC" modifier will be subject to audit.
